Fiscal Analysis

ASSUMPTIONS:

1. Section 1 of the bill eliminates an original license fee for sanitarians. The revenue for fund 02816 will not be impacted by this change because it is assumed that the original license fee is incorporated into the application fee now.
2. Sections 3 through 6 of the bill relate to the Board of Public Accountants. The Department of Labor and Industry will contract with a third party for examination administration services and the candidates will pay that fee directly to the contractor. The reduction in the base budget will be \$21,505 in each fiscal year based upon the actual expenditures paid for examination services in the base budget (FY 2002). There will be an equal reduction to revenue of \$21,505 for fund 02815.
3. Sections 13 and 14 relate to the Board of Professional Engineers and Land Surveyors. The department will contract with a third party for examination administration services beginning with the April 2004 examination. The candidate will pay for the examination administrative services directly. Examinations are administered twice a year. There will be a reduction in expenditures of \$21,000 in FY 2004 for one examination and \$34,000 in FY 2005 for two examinations based upon the actual expenditures paid for examination services in the base budget (FY 2002). There will be an equal reduction in revenue for fund
